

Do you have a new Police Chief or City Attorney?

If so, you will want to contact WCIA Claims Manager, Reed Hardesty, to arrange for an orientation. The orientation lasts approximately an hour and takes place at the member's location. The meeting covers an explanation of WCIA, the coverages available, the trainings offered, the pre-defense review program, and the risk management consulting program as well as claims handling overview.

National statistics show that fifty percent of police officers will be sued during their career and it is important that the Chief is aware of WCIA's strong litigation philosophy and our interest in early intervention to manage a potential loss.

City Attorneys are an important partner in litigation and often are aware of pending issues that may lead to litigation. We like to foster a positive working relationship from the start and can be a valuable resource to your attorney having consulted on a variety of topics for our members.

If you would like to arrange for an orientation, you can either call Reed at 206-687-79026 or e-mail him at ReedH@wciapool.org.
