

Earn your Risk Management Credentialing Program certificate today

By Maria Orozco

The Risk Management Credentialing Program is designed to foster a culture of risk management within the membership. Help promote a culture of risk management within your organization by earning your Risk Management Credentialing Program certificate. Earning your certificate is easy and can be accomplished by attending WCIA-hosted courses.

All members' employees are eligible and encouraged to participate in this program. There are four required courses to complete Level 1 and six required courses to complete Level 2. The program is self-paced. Click [here](#) for the complete guidelines on the Risk Management Credentialing Program.

WCIA Delegates and Alternates, you are likely on your way to earning the Level 1 certificate just by attending one of the four classes needed to satisfy the Delegate/Alternate training requirement for the 2023 COMPACT. The four qualifying classes for the Delegate/Alternate COMPACT training requirement coincide with the four that count towards Level 1 of the program. WCIA offers these four classes twice a year and there are sessions scheduled for this fall. Check out the WCIA events [calendar](#) for upcoming trainings.

When the Level 1 or 2 requirements are complete, fill out the [Risk Management Credentialing Program Certificate Request](#).

Not sure if the courses you have attended qualify? See the next pages for past courses for 2023 and 2022 that qualify for certification at each level. Contact the WCIA Member Services Team at memberservices@wciapool.org with any questions.
