

New quarterly training notifications from Member Services

By Maria Orozco

WCIA is rolling out some changes to its training notification and registration process for 2025. To make things more streamlined and organized for members, here is a breakdown of what is happening.

Quarterly announcements: Instead of sending out emails for each training session, WCIA will now announce all the training quarterly in one announcement. This should help to reduce the number of emails that members receive.

Email notifications via Cvent: Keep an eye on your inbox. About a month before the start of each quarter, you'll receive an email notification with details on upcoming training events. WCIA will send out separate invitation emails if new training sessions are scheduled after the quarterly email is sent.

Training events calendar: The training calendar on the WCIA website will be updated regularly, giving you a heads-up on what is coming up each quarter. To access the training calendar, go to www.wciapool.org, then to *Services*, and then click on [Training Courses List View](#) or [Training Courses Calendar View](#).

Mark your calendars! Here are the dates when registration will open for each quarter in 2025:

- 2nd Quarter (April - June): Registration opens on March 3, 2025
- 3rd Quarter (July - September): Registration opens on June 2, 2025
- 4th Quarter (October - December): Registration opens on September 2, 2025

Please contact Member Services at memberservices@wciapool.org with any questions.
