

WCIA grants improving communities

By Robin Aronson

As we get set to roll out the 2019 WCIA Grant Program, a look back on the 2018 grant projects takes us to the City of Clarkston where a decommissioned swimming pool being used as a skate park, and putting the city at a high risk of exposure for injuries, is now a parking lot. WCIA was pleased to be able to provide the City of Clarkston with a risk mitigation grant in 2018 to assist the City with some of the costs associated with this project. Check out the photos! Watch your emails in January for information on the 2019 grant program!
